

UNITED WAY'S YOUNG LEADERS

United Way of Story County's Young Leaders Society is an affinity group for the next generation of philanthropic professionals; those who want to understand our community, its needs and how to make a difference.

Individuals 40 and younger who make an annual gift of at least \$250 to the LIVE UNITED campaign are invited to become members. It's as easy as giving through a workplace campaign or downloading a pledge form at www.uwstory.org!

When you become a member of the Young Leaders Society you help improve our community, while also expanding your own experiences. Through opportunities provided by United Way of Story County, you will be connected with philanthropic activities, educated about the needs of Story County, presented with opportunities to share your skills through volunteerism, and introduced to other professionals with the same commitment to the community as you.

GIVE Show your support for United Way of Story County's mission of improving lives through your annual membership to Young Leaders Society of \$250 or more. Your household's gift can come through one or more employer campaigns and be paid throughout the year. Your generous donation will be used to meet needs across Story County and impact the areas of HEALTH, EDUCATION, and FINANCIAL STABILITY.

ADVOCATE Expand your community knowledge and your network. Take part in opportunities with other Young Leaders Society members that will teach you what it means to LIVE UNITED and how it produces lasting change.

VOLUNTEER Make a local impact by participating in and implementing community service opportunities with United Way of Story County.

HOW TO JOIN

More information can be found online at www.uwstory.org. If you are inspired and looking for further involvement, please contact United Way of Story County's Campaign Director, Kristin Pates, at kpates@uwstory.org or (515) 268-5142.
